SUMMARY

I'm Dev Sharma, a Zealous Web Developer currently in my 3rd year at BTKIT Engineering College. I'm actively learning and building full-stack applications using the MERN stack (MongoDB, Express, React, Node.js). With hands-on experience in modern web technologies and real-world projects, I aim to create impactful digital solutions while continuously expanding my skills in both frontend and backend development.

EXPERIENCE

Front end developer | 2024 - August

Cognifyz Technologies

08/2024 - 09/2024 Remote

As a Web Development Intern at Cognifyz Technologies, I had the opportunity to work on real-time projects that enhanced my understanding of web development.

- Developed and deployed 2+ responsive web pages, improving UI/UX and reducing bounce rate by 25%.
- Collaborated with a 4-member team to build real-time projects, resulting in 100% timely feature delivery.
- Integrated frontend with RESTful APIs, reducing load time by 30% using optimized Axios calls.

Tutor , College's Club

BTKIT Dwarahat

2024 - Present Dwarahat

I was responsible for guiding students through complex concepts by simplifying topics, addressing doubts, and tailoring my teaching style to fit each learner's pace.

- Mentored **15+ junior students** in Web Development and Data Structures through weekly 1:1 sessions.
- Helped students improve academic performance, with **60% reporting higher semester grades**.
- Designed and conducted **5+ project-based workshops**, enhancing hands-on coding experience.

KEY ACHIEVEMENTS

Hackathon Winner – TechFest 2025

Engineered a full-stack web application prototype with a team of four at an intercollege hackathon; delivered 15+ user stories within a 24-hour timeframe through rapid development.

Participated in a National-Level Offline Hackathon

Nyay Mitrr – Chatbot for Legal Awareness

Participated in a national-level offline hackathon, where we develop and expand a chatbot using web technologies and legal datasets to assist users with basic legal procedures and rights awareness.

→ Built an AI-powered legal chatbot used by 30+ participants during the event.

→ Trained on 50+ legal documents to provide step-by-step legal guidance.

STRENGTHS

Solution-oriented

Developed numerous project where I identified performance bottlenecks and refactored backend logic, reducing API response time by 40%.

Project Management

Capable of leading small teams and mentoring juniors in collaborative projects

Innovation & Creative Problem-Solving

Passion for experimenting with new technologies and frameworks (e.g., GSAP, Next.js, Tailwind CSS)

EDUCATION

Secondary school

PSM public school

2018 - 2020 New Delhi, India

Bachelor of Technology

BTKIT Dwarahat

2023 - 2027 Uttarakhand

SKILLS

HTML5, CSS3, JavaScript (ES6+)

React.js

Responsive Design

Tailwind CSS

Bootstrap

Material-UI

Node.jsExpress.js

RESTful APIs

Authentication (JWT, OAuth)

MongoDB

Mongoose (ODM)

Git & GitHub

MongoDB Atlas (Cloud DB)

C++

Postman / Thunder Client

Java
